HOUSE RULES & TENANCY REGULATIONS

Shop / Lock-up Store — No. 14 Market Road, Sabon Gari, Kaduna

Issued by the Landlord, and binding on the Tenant, every employee, and every visitor to the premises, for the full duration of the tenancy.

How this works on CHS: this document is uploaded once by the landlord. Every tenant on this property must read it and tap **"I have read and accept these house rules"** before their tenancy is treated as fully set up. CHS records the exact date and time of acceptance — this becomes a real, binding record either party can point to if a dispute ever arises.

1. Permitted Use of the Premises

(a) The premises shall be used strictly for the lawful trading purpose stated in the Tenancy Agreement. Any change of trade or business activity requires the Landlord's written consent in advance.

(b) The Tenant shall not use the premises for any illegal purpose, or for any activity that creates a public or environmental nuisance.

(c) Trading hours are 7:00am to 8:00pm, Monday to Saturday. Any request to operate outside these hours must be made in writing to the Landlord.

2. Rent and Service Fee Compliance

(a) Rent is due in full, together with the applicable CHS service fee, on or before the renewal date shown on the Tenant's CHS dashboard.

(b) The Tenant acknowledges that rent paid through CHS is held in escrow and released to the Landlord only after a clean move-in report or the standard grace period, as already described in the CHS Terms & Conditions.

(c) Persistent late payment, beyond the grace period stated in the Tenancy Agreement, may be treated as a breach of this tenancy.

3. Alterations, Fittings & Signage

(a) No structural alteration, partitioning, or permanent fitting may be made to the premises without the Landlord's prior written consent.

(b) Shop signage, shade, or external branding must not obstruct neighbouring shops, walkways, or the building's fire exits, and must be removed at the Tenant's own cost at the end of the tenancy.

(c) Any genuine improvement made with the Landlord's written consent becomes a fixture of the premises and may not be removed at the end of the tenancy unless otherwise agreed in writing.

4. Maintenance & Repairs

(a) The Tenant shall keep the interior of the premises, including fittings supplied by the Landlord, in good and tenantable condition, fair wear and tear excepted.

(b) Any fault, damage, or defect must be reported through the CHS app's real fault-reporting feature promptly, not left unreported.

(c) The Landlord remains responsible for the structural condition of the building, the roof, and any shared facilities.

5. Safety & Security

(a) The Tenant shall not store or permit the storage of any flammable, hazardous, or illegal substance on the premises.

(b) The Tenant is responsible for their own shop insurance and the security of their own goods and stock; the Landlord is not liable for loss or theft of the Tenant's property.

(c) All fire exits, extinguishers, and shared walkways must be kept clear and unobstructed at all times.

6. Utilities

(a) The Tenant is responsible for their own electricity consumption and any sub-meter or prepaid costs, unless the Tenancy Agreement states otherwise.

(b) Any shared utility cost (e.g. shared generator fuel, shared security) shall be apportioned as agreed between all tenants on the property.

7. Waste Disposal & Sanitation

(a) The Tenant shall dispose of all refuse and packaging waste responsibly, using the designated collection point, and shall not allow waste to accumulate in front of or around the shop.

(b) The frontage and immediate surroundings of the shop must be kept clean and swept daily.

8. Subletting & Assignment

(a) The Tenant shall not sublet, assign, or share occupation of the premises with any third party without the Landlord's prior written consent, relayed and recorded through CHS.

9. Access by the Landlord/Manager

(a) The Landlord, or their delegated manager, may inspect the premises at reasonable notice (not less than 24 real hours, except in a genuine emergency affecting safety).

10. Breach, Termination & Exit Condition

(a) A genuine, serious breach of these rules — including persistent non-payment, illegal use, or unauthorized structural alteration — may be treated as grounds for termination of the tenancy, following CHS's standard dispute process.

(b) On vacating, the Tenant shall return the premises in the same condition as received (fair wear and tear excepted), remove all signage and personal fittings, and complete a real move-out condition report through CHS.

11. Dispute Resolution

(a) Any disagreement arising from these house rules shall first be raised directly through CHS's own real messaging and dispute-resolution process before any other action is taken, consistent with the CHS Terms & Conditions.

By accepting these house rules on the CHS platform, the Tenant confirms they have read, understood, and agree to be bound by every clause above for the full duration of this tenancy.
