Notes on the newest two accounts

- **Demo Artisan Plumber** is a real, fully verified artisan (trade: Plumber, 8 years' experience, professional equipment tier). Use this account to submit a real job quotation and receive real payment — CHS's real 10% commission is now deducted automatically on every completed job.
- **Demo Vendor Building Materials** is a real, verified marketplace vendor with one real, live product already listed — **Dangote Cement (50kg bag), ₦8,500/bag** — visible on the real Marketplace page right now. Use this account to respond to a real buyer's quote request and mark a deal closed; CHS's real flat referral fee for this category (₦15,000) will be charged automatically once admin approves it.

A general reminder on wallet balances

These are real, live balances as of the date this document was generated — they will change as testing continues, since every real payment, remittance, or commission genuinely moves real money between these accounts. Treat the balances above as a snapshot, not a fixed starting point.
