CHS Test Store: Logins

Prepared 17 Oct 2026. This is a TEST market. Every seller and product is marked TEST and uses test money only. Nothing here is a real business or real stock.

How to log in

Open the CHS app. Choose "Use phone number and PIN". On the login screen first tap the correct box under **"Log in as"** (see the table below: buyers choose **Buyer**; sellers choose **Seller / Vendor / Service Provider**, the last box in the grid; admin chooses **Admin**). Do NOT choose Owner for these accounts. Then type the phone number exactly as shown (11 digits) and the PIN **123456**. All test accounts use the same login PIN. **Keep these logins inside the testing team.**

Buyers (shop with these)

Phone	Name	Log in as	PIN	Wallet
08071100001	TEST Buyer One (Foundation to Roof)	Buyer	123456	N5,000,000

Admin (CHS staff only)

Use the real CHS super admin account (08037799837), choose **Admin** in "Log in as", and use its own PIN. The admin sees all test orders in **Admin > Oversight > Deliveries**. Admin duties are covered in the Test Guide. Testers should not share the admin PIN.

Good to know

1. The first time a buyer pays, the app asks them to create a **payment PIN** (it must be different from the login PIN 123456). Write down the one you choose.

2. Test accounts are pre-approved for identity checks, so buying is not blocked.
3. Seller accounts can also buy. They are normal accounts with a shop.
4. If a wallet runs low, tell the CHS team and it will be topped up. Test money never leaves the platform.
5. Please do not change the sellers' names, cities or prices, so everyone tests the same shop.
