CHS — Testing Accounts, By Category

Who to log in as, and which property, organized by the real flow each category actually uses — generated September 2026

> **One PIN for every account below: 123456.** Log in with the phone number shown, this PIN, in the CHS app. Every account listed is already real, live, and ID-verified — no extra setup step needed before testing.

> **The important distinction this document clarifies:** "Rent" (a real tenancy — rental application, guarantor, annual rent) and "Shortlet/Hire" (a short, booked stay — Event Centre, Hotel, Lodge, with add-ons like ushers and live band) are two genuinely different flows, using two different account types: **Tenant** for Rent, **Guest** for Shortlet/Hire. Properties below are placed under the flow they actually use.

🏠 Rent — Tenant Flow

Rental application → independent guarantor confirmation → owner decision → rent payment (held in escrow). Every category below is now available under Rent, not just House/Office/Warehouse.

LOG IN AS TENANT
08120000004

Property	Price (annual rent)	Log in as Owner (to approve)
House, Malali (already tested)	—	08120000001
Office Space, Ikeja (already tested)	—	08050000005
Warehouse, Kakuri Industrial Layout (already tested)	₦2,500,000	08120000001
Shop / Lock-up Store, Malali	₦450,000	08120000001
Shop / Lock-up Store, Sabon Gari	₦600,000	08120000001
Commercial Land / Plot, Kawo	₦800,000	08050000001
Residential Land / Plot, Ungwan Rimi	₦500,000	08050000001
Event Centre / Hall, Barnawa	₦2,200,000	08120000002
Event Centre / Hall, Independence Way	₦1,800,000	08120000002
Guest House / Lodge, GRA	₦950,000	08050000009
Guest House / Lodge, Lekki	₦1,100,000	08050000009

🎉 Shortlet / Hire — Guest Flow

A short, paid booking, held in escrow, decided by the host directly. **Only one property below gives you the real, full add-on system** (capacity tiers, ushers, live band, caterer, decoration, generator, security, and more) — marked clearly. The others use the simpler per-night/per-event booking without that priced add-on list.

LOG IN AS GUEST
08120000005

Property	Real feature set	Log in as Host (to accept/decline)
Event Centre / Hall, Barnawa	**★ Full tiers + priced add-ons** — 3 capacity tiers (₦60,000 / ₦90,000 / ₦120,000) and 11 priced facilities including Ushers (₦12,000), Live Band (₦80,000), Catering per guest (₦2,500), DJ, Decoration, Lighting, Sound, Security, Generator, Parking	08050000007
Event Centre / Hall, Independence Way	Simple booking with basic add-on checkboxes only (music/caterer/ushers, no individual pricing) — this is the one already tested with Danbo Halimat Juliet's ₦954,000 booking	08120000002
Hotel Room, Ungwan Rimi	Standard per-night booking, guest ID, security deposit, guest-host messaging	08120000002
Executive Room, Kaduna Central Hotel	Standard per-night booking (same real flow as above)	08050000007

> **Honest note on "Hotel/Lodge" as its own feature:** I checked the actual code — there's a "hotel_lodge" category in the database, but it was never wired to show anything different from a standard per-night booking. If you want a genuinely distinct hotel/lodge experience (e.g. room types, multi-night rate tiers), that's real, separate work we can scope together. What exists and works today for hotels/lodges is the standard per-night flow in the table above.

💰 Sale — Buyer Flow

Outright purchase — offer, acceptance, payment held in escrow until legal document transfer is confirmed.

LOG IN AS BUYER
08120000003

Property	Price	Log in as Owner (to accept offer)
Factory, Sabon Gari	₦85,000,000	08120000001
Farmland (agricultural), Rigasa	₦12,000,000	08050000001

Poultry Farm, Rigachikun	₦28,000,000	08050000001

🌾🏭 Lease — No Dedicated Tenant Flow (Sits Separately)

These use the Lease purpose, a distinct category from Rent — for completeness, since they were created in this same testing round.

Property	Price	Log in as Owner
Factory, Kakuri Industrial Layout	₦3,500,000	08120000001
Farmland (crop), Kudenda	₦900,000	08050000001
